

Big Pedal 2021

Your amazing imagination

Worksheet

Quote

“Imagination should be used, not to escape reality, but to create it.”

Colin Wilson, author

Instructions

1. Read the quote on imagination and think about the following:
 - When have you used your imagination to solve a problem?
 - In what ways have humans used their imagination to create the world we live in?
Eg the first humans rubbing rocks together to make fire.
 - Think of two things humans need to start doing and two things they need to stop doing in order to help our planet.
2. Watch the video.
3. Think of a pledge or promise you want to make to your future self. What will you do now to create the world you want to live in? Create a 30 second to one-minute video (ask to borrow your adult's phone if you don't have one), or write a postcard to your future self.
4. If you like, you can send this video to your adult and ask them to show it to you in 10 years' time.

To my future self...

A postcard template with a dashed red and blue border. On the left side, the text "To my future self..." is written in a cursive font. On the right side, there is a small blue square stamp with a white border, containing a silhouette of a person riding a bicycle. A vertical line is drawn down the center of the postcard, separating the address area from the message area.
